

Marginal Analysis Questions

The article stays on your desk.

The answer to the questions go on page 19.

1. How should people make decisions?
2. What does sunk costs mean? (in your own words)
3. When do you stop an action or decision? (think cost or benefit)
4. What does violating the maxim mean?

Step two – fill in op cost organizer. This goes on page 17. Come up with your own definition and examples. In the student reflection box draw a picture reflecting your example. This type of organizer is known as a four column notes.
